- **The signing up will last until 28.11. 2019**
- **One to five students will get through the school rounds to region rounds from every school**

**The school rounds started 2.9.2019. The signing up will last until 28.11.2019. School can sign up through a teacher, which will become a school coordinator for his own school. School rounds will take place from 2.12.2019 to 13.12.2019. In this period, the coordinator can choose any date for the school round test.**

Economics Olympiad is not just focusing on talented students but also is trying to test as many students as possible. The test for the school rounds takes 40 minutes and has 25 questions from the history of economy, microeconomy, macroeconomy, financial literacy, global economy and economic policy.

The results of school round will be released on the 19<sup>th</sup> December 2019. The regional rounds will take place in late January and the first two weeks in February.

The best 50 students will get to the finale round which will take place at Czech national bank in Prague.

## About Economics Olympiad

Economics Olympiad is the biggest competition in economy and finances for high school students in Czech Republic and Slovakia. The goal of this unique project is to increase the number of students which have knowledge of economy and finances and to search for talented economists.

Almost 15 thousand students had participated in the third round of Economics Olympiad, that is 337 schools which equals a quarter of all high schools in Czech Republic.
